HOUSE A CREATIVE GRIDS® IN-STORE EVENT WITH PENNY HAREN

Penny Haren, a member of the Creative Grids team, previous shop owner, author, teacher, and ruler designer, will share her wisdom and techniques during a fun and inspirational day. She will teach Creative Grids® ruler techniques and share over thirty quilts and projects made with Creative Grids® rulers with companion patterns — many featured in Cut Loose Press™ patterns.

Here is what the shops have to say:

“Penny Haren’s enthusiasm for sewing is so contagious that our customers told us it was the best event they had ever been to, and we do many, many events each year. She explains how to use Creative Grids® in a way that gives them the confidence to take home the ruler today and start cutting tonight. I kept hearing them say “I could do that!”  Sales were very good at this event, not only do our customers learn but Penny took time to educate the staff, thus resulting in sales after the event too.”  Randa Parrish, Prairie Quilt, Hennessey, OK

“It is always a great event! Both my staff and our customers were pleased with Penny’s demonstration. We will be scheduling it every year. I already have my 2019 dates set!”  Tanya Schlaepfer, Linda’s Quilting, Wyandotte, MI

“We had a lot of success with Penny! She was great! We sold a lot of rulers and kits. Great day.”  Jackie Wadsworth, North Star Quilt Shop, Williston, ND
